We are presently compiling the EUROPEAN www REGISTER, designed to accommodate the large unified market on the European continent, and all other world regions. The EURO is reality, and leads monetary transactions throughout the "old" continent and benefits all trading activities. The EUROPEAN www REGISTER will expose your company to expanding markets. In this register your company will be found in your country in the respective trade description. Filling in and returning this form will give you the opportunity to be published in our internet database <http://www.easy.eu> (starting 2007) as well as on the CD-ROM.

PLEASE PRINT THIS FORM OUT, check the details carefully and complete or amend them. Return this form including your business card and/or brochure, in order to ensure that your data is published correctly. Sheets returned without a stamp or signature will be updated and listed free of charge.

ORDER: We hereby place an order to be published as above (or as amended), subject to the general terms and conditions as described overleaf. The order encompasses the next and the two following publication periods of the EUROPEAN www REGISTER. The Publication is multi-medial (internet and CD-ROM) and priced at EURO 690,- per edition. Simultaneously, an order is placed for the next CD-ROM edition, which is free of charge for all our subscribers. The contract becomes valid and binding upon receipt of this order. Retroactive cancellation is not possible. The publisher reserves the right to edit and illustrate the text. This order will be extended on and over the initial period on a yearly basis, unless a written, registered cancellation is received by the publisher three months before the end of the last contractual period, and only if the initial order has been fully settled. We confirm that the signature is binding for our company, and that the lack of date and/or stamp does not invalidate this order.
